

911 Day of Service

The past year has been especially hard on our healthcare workers, first responders, and military workers. It's important that we show our thanks for their service toward us.

Veterans Picnic

- Invite all the veterans and their families in your community to come to a park or community area to enjoy a picnic with food provided from FCCLA members! Chat and play games with them.

Chalk Driveways

- Chalk the driveways of your communities ambulance garage, firestation, and police station with thank yous.

Packed Meals for Healthcare Workers

- Healthcare workers don't get long breaks, so your chapter can pack meals for them to easily cook and eat during their short shift breaks!
-
