# One Project, Multiple Journeys

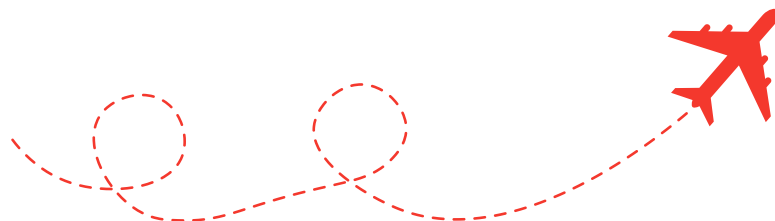

Presented By:

Chapter Advisors from Indiana

## HOW TO LINK A CHAPTER PROJECT/ ACTIVITY TO MULTIPLE COMPETITIVE EVENTS & NATIONAL PROGRAMS

- Take advantage of the project or activity you are doing with your chapter that allows multiple students to compete with it and even recognition for your chapter through national programs
- Don't get swamped by trying to make a new project for each competitive event or even each national program
- **Work smarter, not harder!**

## Tips

1. Be sure to take lots of pictures throughout your chapter project/ activity. You never know what kinds of pictures you may want later.
2. Try integrating your projects into classes.
3. By linking to multiple journeys, you are getting even more members involved and able to compete.
4. For some National Programs, you only need to do one unit or area so don't think you have to do the entire program.
5. Don't forget to complete the National Program application online by deadline
6. Your state may have it's own state projects- see how your projects can link to them
7. Start small. Maybe it is just a one day project/activity in class that can evolve into something more
